

**Kindergarten Dual Language Program
Letter of Intent**

I have been informed about the Dual Language Program’s vision, goals, curriculum, instructional, assessment, and research based approaches.

If my child is accepted into the program, I agree and commit to support my child and Bensenville District 2’s Dual Language Program by committing to the following:

My child will:

- participate in the program for six years (K-5),
- be in a classroom that includes Spanish and English dominant students, and
- develop Spanish and English competencies in listening, speaking, reading, and writing.

Instruction will be:

- 80% in Spanish and 20% in English in Kindergarten and first grade,
- 70% in Spanish and 30% in English in second grade,
- 60% in Spanish and 40% in English in third grade, and
- 50% in Spanish and 50% in English in fourth and fifth grade.

I understand that the teachers and administrators commit to:

- setting high academic expectations, which will prepare students for college readiness to work in a global society,
- preparing and delivering instruction that meets the needs of all students in the class,
- communicating with and engaging parents in the learning process to ensure success of individual students, and
- promoting an educational environment where students can value multiculturalism and multilingualism.

Please Note: Indicating intent into the program does not guarantee placement. Bensenville District 2 will notify you of official acceptance once all letters of intent have been received.
